THE GREAT PLACE

sponsored by Galliford Try Homes

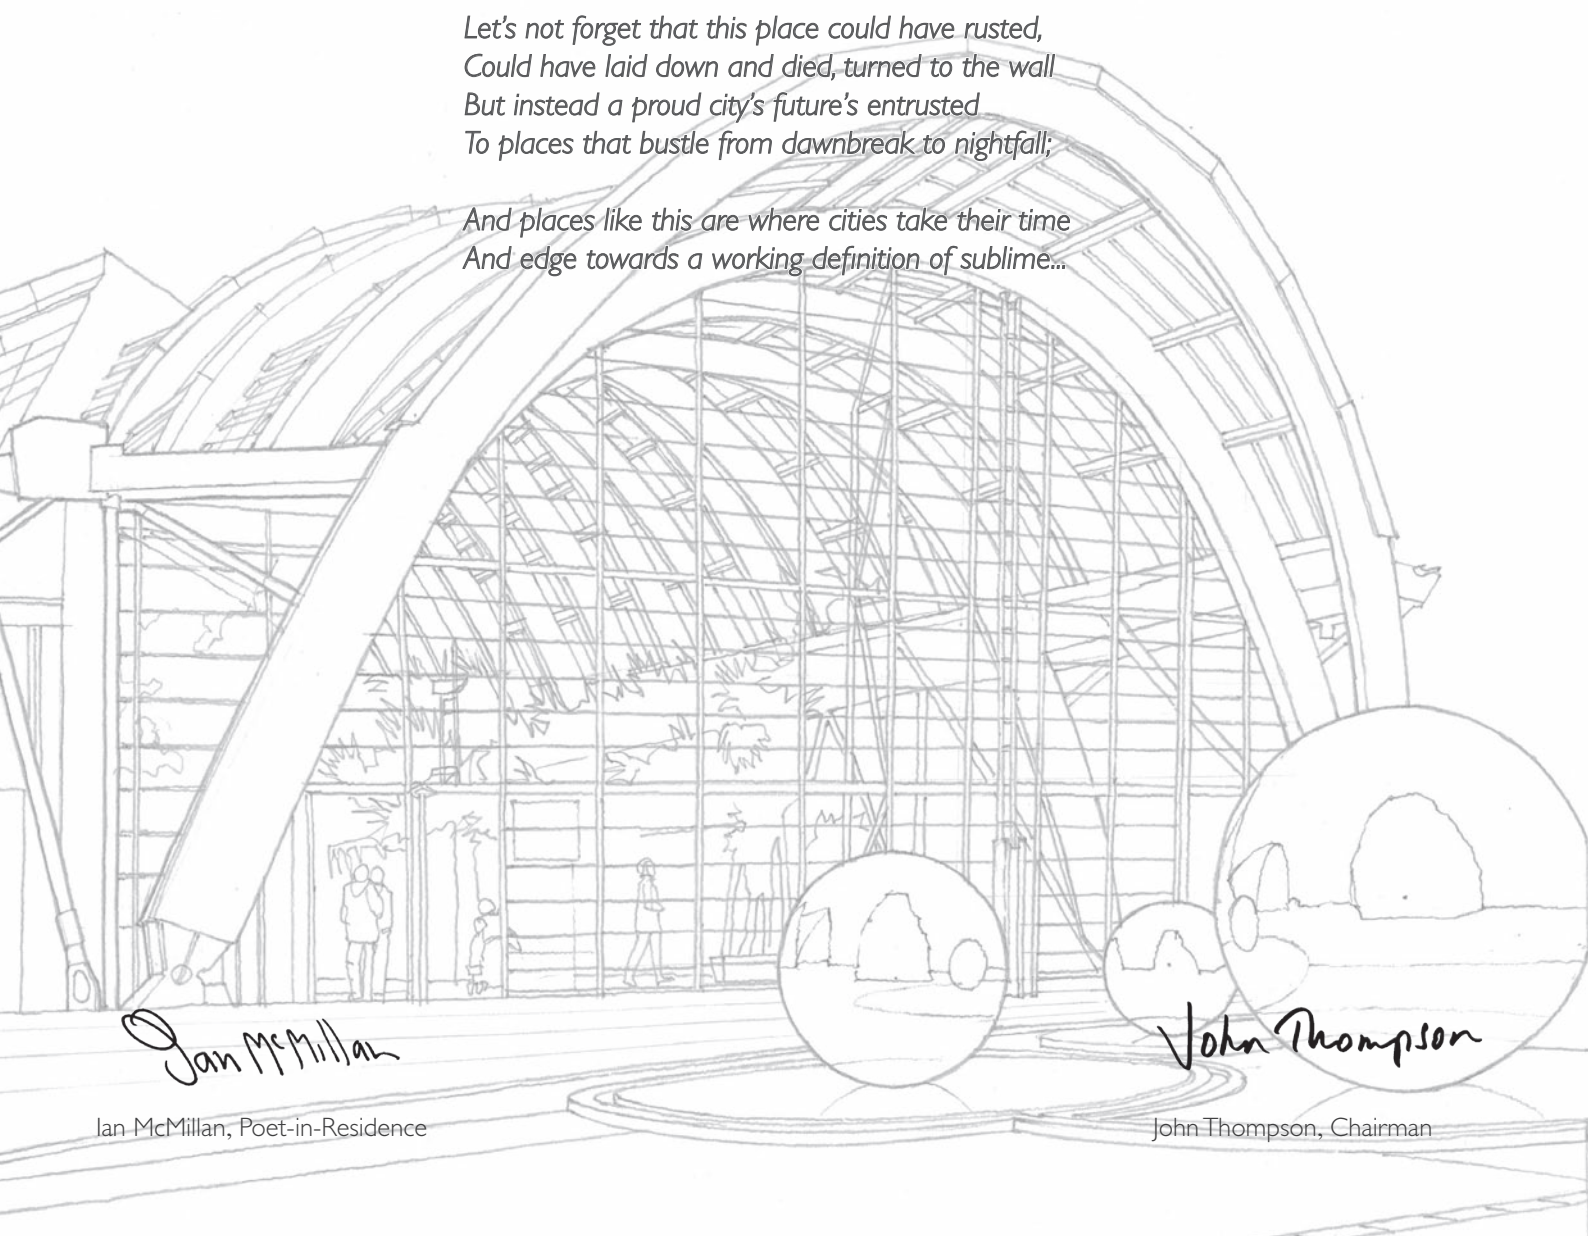

WINNER

PEACE & WINTER GARDENS, SHEFFIELD

*Like those flowers that seem to shoot up overnight,
Reshaping the landscape, defining the view,
These gardens have grown and enfolded the light
In places that seem like they shout: We are new!*

*Let's not forget that this place could have rusted,
Could have laid down and died, turned to the wall
But instead a proud city's future's entrusted
To places that bustle from dawnbreak to nightfall;*

*And places like this are where cities take their time
And edge towards a working definition of sublime...*
